KAYAK SLIP RENTALS

The Town has 3 kayak rack rentals available for the 2024 season! The cost is \$150/year. If you would like one, contact Heike Wilson at hwilson@toglco.com. **The rack is located by the Grand Lake beach. The available “slips” are located on the top of the kayak rack**

The Town of Grand Lake upholds the Six Pillars of Character:
Citizenship, Trustworthiness, Respect, Responsibility, Fairness and Caring

From the Manager's Desk

John Crone, Town Manager

- **Town Manager Contract** - It is with a heavy heart that I announce I will not be renewing my contract after May 1, 2024. I have been offered the Town Manager position in the new town of Keystone, CO, and have accepted. It has been a wonderful five years in Grand Lake, and we have accomplished a lot of good things. However, I cannot pass up this opportunity to take a job where I can spend more time with my wife (and dog Hambone) every day. I will really miss this Town and our wonderful staff. We are already working with the Northwest Colorado Council of Governments (NWCCOG) to find my replacement. With our very talented staff, I am confident that the transition will go smoothly.
- **Staff Updates** - Caitrin is back from maternity leave to resume the front desk duties at Town Hall, while Rita Snock retired at the end of March. Her eight years of service to Town was recognized with a resolution at the board meeting on March 25. We welcomed Braden Markle to the Public Works team, so be sure to say hello when you see him working around town.
- **Snow/Ice Conditions** - It has warmed up too much for us to keep a layer of snow on the roads. We are still going to get some significant snowfalls, so make sure to stay safe when driving. We have had to stop Town maintenance of our ice rinks. Our days have just been too warm and there is no way to keep a safe surface on the rinks. The ice is still close to 18 inches thick; we have just had problems with the surface melt. We have also closed down the warming hut and locked up the ice skates. Despite the lack of snow on the Town streets, the Grand Lake Trail Groomers are still maintaining all of their trails for snowmobiling. The trails are in pretty good condition, but that might change quickly. Get out and enjoy some riding while you still can.
- **Proctor Statue** - We have relocated the Proctor statue near the Kauffman House to an adjacent rock where pedestrians can actually see the front of the sculpture and can read the plaque without having to walk out on the steep, slippery grass. He still looks out over the lake, but the new location will really enhance the enjoyment of his story. It also really opens up the view of the lake when walking down Pitkin Avenue.

UNOFFICIAL RESULTS
TOWN OF GRAND LAKE
