The Town of Grand Lake upholds the Six Pillars of Character: Citizenship, Trustworthiness, Respect, Responsibility, Fairness and Caring

From the Manager's Desk

John Crone, Town Manager

- **Marijuana Licenses** - Staff is preparing to post our licensing rules and application materials on the Town website September 5, which will start the clock running on our lottery system.
- **Code Enforcement** - The Town is planning to increase enforcement of code provisions against noxious weeds, trash containers, unlicensed trailer storage, vehicles and trailers parked in the Town right-of-ways, and non-night sky compliant fixtures, as well as continuing to aggressively enforce parking regulations. We do not want to issue citations, so please step up and make sure that you are in compliance with our Town code and help us keep Grand Lake beautiful! A searchable and indexed version of the Municipal Code is available on the Town website:
https://library.municode.com/co/grand_lake/codes/code_of_ordinances?nodeId=MUCOTOGRLACO
- **Budget Season** - Department heads are working on their initial budget proposals for 2024. We will be putting the budget together in August and presenting it to the Board in September. The board will also meet for their annual retreat this month to discuss priorities for the upcoming year.
- **Public Works Projects** - We have welcomed several new and old faces to the PW team in recent months and they are busier than ever getting ready for our winter season. They are currently in the process of upgrading the playground equipment in Town Park (play area closed until about Sept. 1). PW staff will soon be attending the annual Snow & Ice Conference for seasonal training. Paving projects were recently approved and will begin in various areas around Town on Sept. 6.
