I understand that this project which borders United States waters (any wetland, steam, river, pond, lake or other waterway) obligates me to comply with the Federal Clean Water Act. I understand that it is my responsibility to obtain a Department of the Army 404 Permit prior to the placement of any fill materials into waters of the United State. I understand that placement of such fill into the waters of the United States without a 404 Permit is a violation of the Clean Water Act, 33 U.S.C. §1251, and is subject to Federal actions.

I agree to obtain an Army Corps of Engineers 404 Permit, if required. I understand the penalties for failure to obtain a permit, if required.
